Hi,

for any problem or if you want to suggest a new feature or simply want to express an opinion about the site, feel free to send me a comment by email:

info@sunearthtools.com

In few cases there was a problem on the server side and the attached file was corrupted or empty, please let try to make another request, if the problem continues, forward this document with the used data to me, I'll try to create and send the file for you.

I hope that this file is useful, if you want to help my work, you can make a free [donation](#).

Please don't print this document unless you really need to!

regards,

SunEarthTools
